

A partnership serving the workforce development needs of process technology

Why join the GCPTA?

1. Do you want to be a part of an organization of process industries and education providers who develop and maintain the standardized curriculum for a two-year associate of applied science degree in Process Technology? 2. Do you want to be a member of an organization that promotes career opportunities in Process Technology? 3. Do you want to network with process industry trainers and education providers? 4. Do you want to fellowship with old friends and make new acquaintances in Process Technology? 5. All of the above

If your answer was all of the above, take a bow. GCPTA can do all of the above for you and your company or education institution and more. Read what others say.

What our members say...

"It is a great way to get benchmark information on what our recruiting competitors are doing to attract the best diverse group of students."

— Oscar Polk
Eastman Chemical, Longview, TX

"Unified connection to other alliances across the United States for the purpose of curriculum development and standardization. You get to give your opinion as to what goes in the curriculum for PTEC."

— Glenn Johnson
HUIISH Detergents, Inc., Pasadena, TX

"As a member, you and your company have the opportunity to contribute to the training of tomorrow's workforce in a unique way. It's good for your community. It's good for your community college. And it's a smart investment in the future of your company. Participating members in the GCPTA make a difference."

—Mike Kukuk
College of the Mainland, Texas City, TX
(formerly of Sterling Chemical)

Three good reasons to join from the Industry Co-Chair of the Standards and Quality Committee...

"1. Provides member colleges with opportunities to network and share best practices."

"2. Provides industry and college members with the ability to share the cost (and thereby share the results) of process operator career recruitment efforts."

"3. Identifies those process technology college programs that are teaching to standardized industry approved instructional objectives (i.e. Endorsed Colleges), which results in increased confidence to industry as to the quality of the education obtained by individual graduates of those programs."

—Ed D. Stiles
LyondellBasell,
Houston (TX) Refinery

Joining is easy! Simply download an application from our website, www.gcpta.org, fill it out and return it via email to exdir@gcpta.org or admin@gcpta.org or mail it to GCPTA, 14450 FM2100, Suite A #149, Crosby, TX 77532. Our informative meetings are open and are held quarterly, either in a Texas or Louisiana location. Check our website for dates and locations.
